

Owmbly by Spital Parish Council

Data Subject Request Policy

Introduction

Under the GDPR any person (referred to throughout as the data subject) for whom the Parish Council hold personal data has the right to request information about the personal data held. This policy specifies how Owmbly by spital Parish Council will handle a subject access request (SAR) from a member of the public.

Who processes SARs?

The Clerk to the Council will process any SARs that are made. SARs can be made by any individual through the Parish Councils Subject Access Request Form (Appendix 2) and are to be sent to the Clerks email address: Owmblybyspitalparishcouncil@gmail.com or home address: 11 Highgate Lane, Normanby by Spital, Market Rasen, LN8 2HQ. Please note that this policy and form apply to data restriction and data deletion requests as well.

What will happen next?

On receiving a SAR the Clerk will respond confirming that they have received the request and will direct the person to this policy so that they are aware of the next steps that will be taken. The Clerk will also forward the request on the Chair of the Parish Council.

After responding to the member of the public the Clerk will then do the following:

- a. Verify whether you are controller of the data subject's personal data. If you are not a controller, but merely a processor, inform the data subject and refer them to the actual controller.
- b. Verify the identity of the data subject; if needed, request any further evidence on the identity of the data subject (see Appendix One).
- c. Verify the access request; is it sufficiently substantiated? Is it clear to the data controller what personal data is requested? If not: request additional information.
- d. Verify whether requests are unfounded or excessive (in particular because of their repetitive character); if so, you may refuse to act on the request or charge a reasonable fee.
- e. Promptly acknowledge the validity of the SAR and inform the data subject of any costs involved in the processing of the SAR. The Clerk will ensure that a response to the SAR will be provided by one month of accepting the SAR as valid.
- f. Verify whether you process the data requested by carrying out a full and exhaustive search. If you do not process any data, inform the data subject accordingly. Ensure data will not be changed as a result of the SAR.
- g. Routine changes as part of the processing activities concerned are permitted.
- h. Verify whether the data requested also involves data on other data subjects and make sure this data is filtered before the requested data is supplied to the data subject; if data cannot be filtered, ensure that other data subjects have consented to the supply of their data as part of the SAR.

The Clerk will aim to provide a response to a SAR within one month after the request is acknowledged as valid, however, If more time is needed to respond to complex requests, an extension of another two months is permissible, provided this is communicated to the data subject in a timely manner within the first month; if the council cannot provide the information requested, it should, inform the data subject on this decision without delay and at the latest within one month of receipt of the request.

What will be included in the SAR response?

The Clerk will ensure that the following information is included in the SAR response:

If data on the data subject is processed, make sure to include as a minimum the following information in the SAR response:

1. the purposes of the processing;
2. the categories of personal data concerned;
3. the recipients or categories of recipients to whom personal data has been or will be disclosed, in particular in third countries or international organisations, including any appropriate safeguards for transfer of data, such as Binding Corporate Rules or EU model clauses;
4. where possible, the envisaged period for which personal data will be stored, or, if not possible, the criteria used to determine that period;
5. the existence of the right to request rectification or erasure of personal data or restriction of processing of personal data concerning the data subject or to object to such processing;
6. the right to lodge a complaint with the Information Commissioners Office (“ICO”);
7. if the data has not been collected from the data subject: the source of such data;
8. the existence of any automated decision-making, including profiling and any meaningful information about the logic involved, as well as the significance and the envisaged consequences of such processing for the data subject.
9. Provide a copy of the personal data undergoing processing.

If the person is not happy with the management of the SAR this will be managed as a complaint against the Council and referred to the Information Commissioner for their consideration.
