

Report to Owmbly by Spital Parish Council

Cemetery Gates

Date – 15/11/2022

It was brought to the attention of myself as the Clerk to Owmbly by Spital Parish Council that the cemetery gates are in a poor state of repair and are beyond fixing with a bit of woodfiller and paint. The gate posts are also rotting and loose.

Options or recommendations

To replace both sets of gates and all posts. Retaining any spoils with a view to potentially re-purposing any good fixings etc for a replacement pedestrian gate to the Community Park.

Summary of findings

3 contractors have been contacted and sent measurements of the requirements.

1. – SD Joinery – failed to respond with a quote
2. – Knights – replace all wood and fixings. Install - £3139.47 + VAT
3. – RGW Services – as RGW is not VAT registered it was suggested that the council purchase the materials at a cost of £1518.64 + VAT and RGW will carry out the labour at a cost of £1200.00 giving a sum total of £2718.64 (net)
